

Upcoming Opportunities - August 2019

Please contact Gayle Foley (fz8071@wayne.edu or 7-8847) or Cherrisse Montgomery (an7026@wayne.edu or 7-1162) to discuss applications.

Corporate and Foundation Relations staff will help prepare all applications. Those opportunities noted in red must be coordinated with Corporate or Foundation Relations.

Funder	Topic	Program Name	Deadline	Award Minimum	Award Maximum	Notes	Purpose	Submission Method	Website
GHR Foundation	Various	BridgeBuilder Competition	8/17/2019		\$200,000	Top ideas announced mid-Nov following a refinement process	The 2019 challenge invites social innovators to design approaches that enable individuals to create a life of meaning filled with hope and dignity, and to support host communities in being their most welcoming. Selected ideas will receive a share of \$1 million in seed funding, join a BridgeBuilder cohort of innovative organizations working to address urgent needs, take part in a kick-off workshop, and receive ongoing partnership support from GHR, potential connection to other funding networks and media exposure.	Online Application	http://www.ghrfoundation.org/news/ghr-foundation-and-openideo-launch-third-bridgebuilder-to-identify-radical-ideas-to-help-migrants-refugees-and-displaced-people
Foundation for Opioid Response Efforts	Health	Improving Access to Opioid Use Disorder Treatment and Recovery Services for Underserved Populations and Communities	8/25/2019	\$300,000	\$600,000	LOI only; full proposals will be invited by the end of Sep 2019; to 2-year grant period	Supports programs focused on removing barriers and improving access to and quality of Medication-assisted treatment for underserved population in the U.S. The foundation is interested in projects that aim to improve and reform the continuum of care, provide wraparound social services, and address other areas that are necessary to facilitate access to high-quality, patient-centered treatment and improve outcomes.	Emailed Application	https://forefdn.org/
Robert Wood Johnson Foundation	Health	Building Capacity to Reduce Tobacco Inequalities in the South and Midwest	8/29/2019		\$1,500,000	LOI only; full proposals due 11/11/19	Tobacco remains the number one cause of preventable death in the US. RWJF seeks to support and engage black community members, persons of lower socioeconomic status, and rural residents in the South and Midwest in order to increase their ability to advocate for stronger, locally, or regionally driven tobacco-control and prevention policies and practices. Grants will fund up to half a dozen two-year projects aimed at addressing tobacco-related inequities.	Online Application	https://www.rwjf.org/en/library/funding-opportunities/2019/building-capacity-to-reduce-tobacco-inequities-in-the-south-and-midwest.html
National Eczema Association	Health	Catalyst Research Grant Program	8/30/2019	\$50,000	\$75,000	No indirect costs	This award is to stimulate the entry of early-career scientists into areas of research related to eczema, as they seek to become an independent research investigator with a commitment to this field. The grants provide early investigators with seed grants to help establish a novel and promising line of eczema research, and gather a preliminary, yet meaningful body of data to carry this idea forward. Data from Catalyst awards can then be used to seek additional, larger-scale funding from the NIH or other funding entities to conduct additional investigations.	Online Application	https://nationaleczema.org/research/research-we-fund/for-researchers/catalyst-research-grant/#
Elsa U. Pardee Foundation	Health	Breakthroughs in Cancer Research	8/31/2019		\$200,000	1-year grant period; indirect limited to 5%; equipment expense cannot exceed \$5,000	The Pardee Foundation funds research to investigators in United States non-profit institutions proposing research directed towards identifying new treatments/cures for cancer. They fund projects for a one year period allowing the establishment of capabilities of new cancer researchers. Project relevance to cancer detection, treatment, or cure should be clearly identified.	Online Application	https://pardeefoundation.org/how-to-apply/

Upcoming Opportunities - August 2019

Please contact Gayle Foley (fz8071@wayne.edu or 7-8847) or Cherrisse Montgomery (an7026@wayne.edu or 7-1162) to discuss applications.

Corporate and Foundation Relations staff will help prepare all applications. Those opportunities noted in red must be coordinated with Corporate or Foundation Relations.

Funder	Topic	Program Name	Deadline	Award Minimum	Award Maximum	Notes	Purpose	Submission Method	Website
Pfizer	Health	2019 Global Hemophilia ASPIRE	8/31/2019		\$125,000	Grant period of 1 to 2 years with anticipated project start date in early 2020.	Supports independent initiatives (e.g., research, quality improvement or education) to improve patient outcomes in areas of unmet medical need that are aligned with Pfizer's medical and/or scientific strategies. ASPIRE considers projects in gene therapy for Hemophilia A or B, including: 1) Basic Science of Gene Therapy; 2) Basic Science of Plasma Tissue Factor Pathway Inhibitor (TPFI) & Anti-TPFI Monoclonal Antibodies; or 3) Patients with Mild Hemophilia A or B. Must coordinate with Corporate Relations.	Online Application	https://www.pfizer.com/files/Competitive%20Grant%20Program%20RFP_Research_Hemophilia_GLOBAL.pdf
PhRMA Foundation	Health	Informatics Research Starter Grants	9/1/2019		\$100,000	1-year grant period	The goal of the Informatics Research Starter Grants program is to promote development and use of novel informatics methods/techniques in an integrative approach toward understanding normal processes of human biology and disease. Informatics awards support career development of scientists engaged in research that significantly integrates state-of-the-art information technology with advanced biological, chemical, and pharmacological sciences. Applicants should be early career researchers with less than \$100K in external funding. Must coordinate with Corporate Relations.	Online Application	http://www.phrmafoundation.org/2018-awards/research-starter-grants/informatics/
PhRMA Foundation	Health	Pharmaceutics Starter Grants	9/1/2019		\$100,000	1-year grant period	Supports individuals beginning independent research careers in pharmaceuticals (including basic pharmaceuticals, biopharmaceuticals, pharmaceutical technology, and pharmaceutical biotechnology) at the faculty level. Applicants should be early career researchers with less than \$100K in external funding. Must coordinate with Corporate Relations.	Online Application	http://www.phrmafoundation.org/2018-awards/research-starter-grants/pharmaceutics/
PhRMA Foundation	Health	Pharmacology/Toxicology Starter Grants	9/1/2019		\$100,000	1-year grant period	Supports career development activities of scientists embarking on research that integrates information on molecular or cellular mechanisms of action with information on the effects of an agent observed in an intact organism, in experimental animal or clinical studies or both. Highest priority will be given to applicants whose research will attempt to integrate information on a drug or chemical's mechanism of action at the molecular or cellular level with a drug's effect in a human or laboratory animal. Applicants should be early career researchers with less than \$100K in external funding. Must coordinate with Corporate Relations.	Online Application	http://www.phrmafoundation.org/2018-awards/research-starter-grants/pharmacology-toxicology/
WITH Foundation, American Academy of Developmental Medicine and Dentistry (AADMD), Ability Central	Mental Health/Occupational Therapy	Enhancing the Resources, Programmatic Efforts, and/or Advocacy regarding supported Decision-making for Adults with Intellectual and Developmental Disabilities who use Augmentative and Alternative Communication (ACC)	9/4/2019		\$100,000	1-year grant period; 4 grants will be made in total; 2 grants will be made to organizations in California and 2 will be made outside of California	Supported Decision-Making (SDM) allows people to obtain guidance and support without relinquishing their legal right to make personal choices by selecting a person or team to help them. With a goal to promote innovation in the use of SDM within healthcare settings the foundation is looking for collaborative proposals focused on the development of additional resources, programmatic models, and/or advocacy related to SDM for adults with intellectual and developmental disabilities who use augmentative and alternative communication.	Online Application	https://withfoundation.org/current-grant-cycle/

Upcoming Opportunities - August 2019

Please contact Gayle Foley (fz8071@wayne.edu or 7-8847) or Cherisse Montgomery (an7026@wayne.edu or 7-1162) to discuss applications.

Corporate and Foundation Relations staff will help prepare all applications. Those opportunities noted in red must be coordinated with Corporate or Foundation Relations.

Funder	Topic	Program Name	Deadline	Award Minimum	Award Maximum	Notes	Purpose	Submission Method	Website
American Gastroenterological Association	Health	Pilot Research Award in Non-Alcoholic Fatty Liver Disease	9/4/2019		\$30,000		A single grant will be awarded to an investigator at any career stage in support of research into the pathophysiology and/or treatment of non-alcoholic fatty liver disease. The objective of the award is to provide funds for an early-career investigator to help establish his/her research career or support a project that represents a new research direction for an established investigator. Basic, translational, or clinical research relevant to digestive disorders is eligible for a grant.	Online Application	https://www.gastro.org/research-and-awards/research-awards/apply-for-awards/award/aga-allergan-foundation-pilot-research-award-in-non-alcoholic-fatty-liver-disease
Water Research Foundation	Science	Occurrence of PFAS Compounds in U.S. Wastewater Treatment Plants	9/12/2019	\$0	\$250,000	Two-year grants up to \$250,000. Applicant must contribute additional resources equivalent to at least 33 percent of the project award.	Evaluate PFAS occurrence in U.S. wastewater treatment plants and determine the fate of PFAS compounds during wastewater treatment.	Online application	http://www.waterrf.org/funding/rfps/RFPs/RFP_5031.pdf
Chan Zuckerberg Initiative	Education	Opportunity for Expanding Effective School Practices to Support the Whole Child	9/13/2019	\$300,000	\$750,000	One- or two-year grants. Full application.	Invites teams of schools, support organizations, and researchers who want to apply the science of learning and human development to improve existing school-based practices that develop self direction and curiosity to submit applications for CZI's new \$5 million whole child grant program. This program will support up to 10 teams aiming to help schools advance exemplary practices which are helping to improve student outcomes. Must coordinate with Foundation Relations.	Online application	https://chanzuckerberg.com/newsroom/5-million-funding-opportunity-to-support-the-whole-child/
Kazanjian Economics Foundation	Economics	Kazanjian Economics Foundation Grant	9/15/2019	\$20,000	\$150,000	There is no specific application form. Applicants should develop a proposal using the "criteria for evaluation" on the foundation's website	The foundation is interested in proposals that address the following issues and audiences: elevating the nation's understanding of the need for economic education, new strategies for teaching economics, projects/policy studies/programs that encourage measurement of economic understanding more often and/or more effectively are of specific interest, the large number of students at risk for leaving school, helping those who work in social service agencies provide financial and economic understanding in a focus of the Foundation's funding.	Email Application	http://www.kazanjian.org/grants/apply
Foundation for Prader-Willi Research	Health	Prader-Willi Syndrome Research Grants	9/16/2019		\$100,000	LOI only; full proposal due 11/18/19; 1-year grant period with the option for a 1-year competitive renewal; no indirect costs	Supports all areas of research relevant to Prader-Willi Syndrome, but is particularly interested in supporting projects that will lead to new interventions to alleviate the symptoms associated with PWS.	Online Application	https://www.fpwr.org/grant-program

Upcoming Opportunities - August 2019

Please contact Gayle Foley (fz8071@wayne.edu or 7-8847) or Cherisse Montgomery (an7026@wayne.edu or 7-1162) to discuss applications.

Corporate and Foundation Relations staff will help prepare all applications. Those opportunities noted in red must be coordinated with Corporate or Foundation Relations.

Funder	Topic	Program Name	Deadline	Award Minimum	Award Maximum	Notes	Purpose	Submission Method	Website
Thrasher Research Fund	Health	Early Career Awards	9/17/2019		\$25,000	LOI only; full proposals due 11/1/19	The fund recognizes that young investigators may find it difficult to remain in pediatric research because of a lack of funding. Therefore, the purpose of this program is to encourage the development of medical research in child health by awarding small grants to new researchers, helping them gain a foothold in this important area. The Fund will make up to 30 awards total with two funding cycles (15 awards each).	Online Application	https://www.thrasherresearch.org/early-career-award?lang=eng
American Epilepsy Society	Health	Seed Grant Program	9/22/2019		\$20,000	No indirect costs	Provides support to established investigators to pursue new and innovative directions in epilepsy research, bring new research methods to their research programs, or begin new collaborations with other investigators in epilepsy or in different, complementary disciplines.	Online Application	https://www.aesnet.org/research/funding%20for%20established%20investigators/seed_grant_program
American Society of Clinical Oncology	Health	Gateway Discovery Grant in Immunotherapy Research	9/27/2019		\$100,000	Must be a full-time employee of the sponsoring institution	This grant will provide funding of up to \$1.5 million over three years for a Phase I or Phase II treatment based clinical trial that has the potential to make an impact on patient care and advance clinical practice standards for today's cancer patients.	Online Application	https://www.asco.org/sites/new-www.asco.org/files/content-files/research-and-progress/documents/2020-Gateway-Immunotherapy-RFP-6-28-19.pdf
Caplan Foundation for Early Childhood	Education/Mental Health	Early childhood welfare, childhood education and play, and parenting education grants	9/30/2019		\$100,000	LOI only	Foundation provides funding in the areas of early childhood welfare, childhood education and play, and parenting education. They support projects that advance child-rearing practices and identify models that can provide caring environments, improve the quality of both early childhood teaching and learning as well as the design of imaginative play materials and learning environments, and programs that teach parents about developmental psychology, cultural child rearing differences, pedagogy, issues of health, prenatal care and diet, and cognitive and emotional support to parents.	Email LOI	https://earlychildhoodfoundation.org/
Kenneth Rainin Foundation	Health	Synergy Grants	9/16/2019	\$100,000	\$300,000	1-year grant period	This award is designed to encourage collaboration among health researchers from across disciplines to advance the study of Inflammatory Bowel Disease (IBD). It funds groundbreaking or unconventional methodologies, whose risky outlook is justified by the possibility of a major breakthrough. This opportunity supports basic science, as well as clinical and translational research.	Online Application	http://krfoundation.org/health/grants/synergy-award/guidelines/

Upcoming Opportunities - August 2019

Please contact Gayle Foley (fz8071@wayne.edu or 7-8847) or Cherisse Montgomery (an7026@wayne.edu or 7-1162) to discuss applications.

Corporate and Foundation Relations staff will help prepare all applications. Those opportunities noted in red must be coordinated with Corporate or Foundation Relations.

Funder	Topic	Program Name	Deadline	Award Minimum	Award Maximum	Notes	Purpose	Submission Method	Website
Constellation Energy	Education	E2 Energy To Educate Grants	10/1/2019		\$50,000	Project must reach at least 100 students.	Supports projects designed to enhance students' understanding of science and technology, and inspire them to think differently about energy. Project should align with the Constellation Energy to Educate Innovation Themes: smart home, electrification, clean energy and zero waste.	Online Application	https://www.constellation.com/community/e2-energy-to-educate.html
Pfizer	Health	2019 Global Breast Cancer Competitive Research Grant Program	10/15/2019		\$825,000	LOI due 10/15/19. Invited full proposal would be due 1/9/2020. Anticipated award notification 2/28/2020.	Supports independent initiatives (e.g., research, quality improvement or education) to improve patient outcomes in areas of unmet medical need that are aligned with Pfizer's medical and/or scientific strategies. Pfizer will consider innovative proposals focusing on: 1) Hormone receptor positive metastatic breast cancer and 2) metastatic breast cancer. Must coordinate with Corporate Relations.	Online Application	https://www.pfizer.com/files/GMG_Research_2019_ONC3.pdf
American Heart Association	Health	2020 Career Development Award	10/15/2019	\$77,000	\$231,000	Up to 3-year grant period	Supports highly promising healthcare and academic professionals, in the early years of one's first professional appointment, to explore innovative questions or pilot studies that will provide preliminary data and training necessary to assure the applicant's future success as a research scientist.	Online Application	https://professional.heart.org/professional/ResearchPrograms/UCM_495968_Career-Development-Award.jsp
A Kids' Brain Tumor Cure Foundation	Health	Brain Tumor Research Grants	Rolling	\$100,000	\$500,000	LOI only; funding may be from 1-3 years	Supports basic and translational research that can advance understanding of the underlying biology of the development and treatment of pediatric low-grade glioma (PLGA) tumors	Online Application	https://akidsbraintumorcure.org/medical-research-on-childhood-brain-tumors/apply-for-a-plga-sponsored-grant/
Simons Foundation	Science	Mathematics and Physical Sciences	Rolling	\$10,000	\$500,000	LOI submission only. Applicants notified of a decision within two months of LOI submission.	The program is intended to support high-risk theoretical mathematics, physics and computer science projects of exceptional promise and scientific importance on a case-by-case basis. Must coordinate with Foundation Relations.	Online application	https://www.simonsfoundation.org/grant/targeted-grants-in-mps/
Cigna Foundation	Health	World of Difference Grants	Rolling		\$100,000	LOI submission only	The overall World of Difference focus is health equity, helping people overcome barriers to their health and well-being related to factors such as ethnicity, race, gender, age, geography, or economics. Cigna is interested in innovative, USA-based Community Health Navigation, which includes projects and programs aimed at connecting individuals to better health through the efforts of trusted neighbors and organizations. Must coordinate with Corporate Relations.	Online Application	http://www.cybergrants.com/cignagiving/
Comcast	Computer Science	Research Grants	Rolling	\$3,000	\$100,000	Typically supports one-year projects. Will consider multi-year projects but will only fund one phase at a time with no guarantee of continued funding.	Research Grants can be general or targeted. A general research grant provides an unrestricted award of funds to support researchers. These grants are focused on supporting excellent technical research in a wide variety of fields that are relevant to the broadband industry and/or to Comcast specifically. Targeted research grants are more narrowly tailored and typically study more specific issues. Must coordinate with Corporate Relations.	Online Application	http://innovationfund.comcast.com/

Upcoming Opportunities - August 2019

Please contact Gayle Foley (fz8071@wayne.edu or 7-8847) or Cherisse Montgomery (an7026@wayne.edu or 7-1162) to discuss applications.

Corporate and Foundation Relations staff will help prepare all applications. Those opportunities noted in red must be coordinated with Corporate or Foundation Relations.

Funder	Topic	Program Name	Deadline	Award Minimum	Award Maximum	Notes	Purpose	Submission Method	Website
Comcast	Computer Science	Open Source Development Grants	Rolling	\$3,000	\$100,000	Typically supports one-year projects. Will consider multi-year projects but will only fund one phase at a time with no guarantee of continued funding.	Open Source Development Grants are intended to fund new or continued development of open source software in areas of interest to Comcast or of benefit to the Internet and broadband industries. Must coordinate with Corporate Relations.	Online Application	http://innovationfund.comcast.com/
Smith Richardson Foundation	Social Science	Domestic Public Policy Program	Rolling	\$25,000	\$104,000	Concept papers accepted, full proposals invited.	The Domestic Public Policy Program supports projects that will help the public and policy makers understand and address critical challenges facing the United States. To that end, the Foundation supports research on and evaluation of existing public policies and programs, as well as projects that inject new ideas into public debates. Must coordinate with Foundation Relations.	Mail	https://www.srf.org/programs/domestic-public-policy/
Lockheed Martin	Education	STEM education and military and veteran causes	Rolling			One-year grants.	Lockheed Martin is committed to a program of philanthropy that supports the Corporation's strategic business goals and invests in the quality of life in the communities where our employees work and live. Must coordinate with Corporate Relations.	Online Application	http://www.lockheedmartin.com/us/who-we-are/community/philanthropy.html
Robert Wood Johnson Foundation	Health	Evidence for Action: Investigator-Initiated Research to Build a Culture of Health	Rolling	\$185,000	\$440,000	Grant period is up to 36 months.	Supports rigorous, high-impact, creative research projects to build and disseminate information for evidence-based approaches to building a Culture of Health. The program will also support efforts to assess outcomes and set priorities for action by encouraging and supporting creative, rigorous research on the impact of innovative programs, policies and partnerships on health and well-being, and on novel approaches to measuring health determinants and outcomes. Must coordinate with Foundation Relations.	Online Application	https://anr.rwjf.org/viewContent.do?cfpld=1224&cfpOverviewId=
Thrasher Research Foundation	Health	E.W. Al Thrasher Award	Rolling	\$100,000	\$500,000	Awards grants two times per year, with no fixed number of awards given in each funding cycle or in each year.	Funds to improve children's health through medical research, with an emphasis on projects that have the potential to translate into clinically meaningful results within a few years. Open to applications that address a variety of significant pediatric problems. Both incidence and severity are considered when determining the significance of the proposed topic.	Email LOI	https://www.thrasherresearch.org/SitePages/al-thrasher-award.aspx
Blue Cross Blue Shield Blue Care Network of Michigan	Health	Investigator Initiated Research Program	Rolling	\$50,000	\$75,000	If the project is exceptional, they will consider increasing or extending funding.	To make a significant contribution to health care knowledge and its application to improve health by supporting research and effective demonstration and evaluation projects and developing innovative and socially responsive health initiatives. Must coordinate with Corporate Relations.	Mail application	http://www.bcbsm.com/content/dam/microsite/foundation/investigator-initiated-program.pdf
Blue Cross Blue Shield Blue Care Network of Michigan	Health	Physician-Investigator Research Award	Rolling		\$10,000	Does not support basic science, biomedical research, or studies using animals.	Enables physicians to explore the merits of a research idea who propose a pilot study, feasibility study or small research study. Must coordinate with Corporate Relations.	Mail application	http://www.bcbsm.com/content/dam/microsite/foundation/physician-investigator.pdf

Upcoming Opportunities - August 2019

Please contact Gayle Foley (fz8071@wayne.edu or 7-8847) or Cherisse Montgomery (an7026@wayne.edu or 7-1162) to discuss applications.

Corporate and Foundation Relations staff will help prepare all applications. Those opportunities noted in red must be coordinated with Corporate or Foundation Relations.

Funder	Topic	Program Name	Deadline	Award Minimum	Award Maximum	Notes	Purpose	Submission Method	Website
Autism Speaks	Health	Suzanne and Bob Wright Trailblazer Award Program	Rolling		\$100,000	Applicants must have a track record of research experience.	Funding is restricted to projects that identify risk factors for ASD that can lead to prevention and improved diagnosis and treatment; lower the age at which ASD is detected and improve access to early intervention for children with ASD; enhance quality of and access to medical care for individuals with ASD; promote the development of safe, effective interventions and medicines to reduce core and associated symptoms of ASD throughout an individual's lifespan; and improve the health and outcomes of adults with ASD from a lifetime perspective.	Online Application	http://www.autismspeaks.org/sites/default/files/docs/sciencedocs/grants/trailblazer_rfa_2013_4-2-13.pdf
Arcus Foundation	Social Science	Social Justice Grants	Rolling	\$25,000	\$500,000	Initial Funding Concept is due before LOI.	Working on national, regional, and international levels, Arcus contributes to the development of a global movement integrating sexual orientation and gender identity into shared conceptions of human rights. Applications are accepted for International Human Rights, U.S. Social Justice, or Global Religions.	Online Application	http://www.arcusfoundation.org/what-we-support/social-justice-lgbt/
Michael J. Fox Foundation for Parkinson's Research	Health	Rapid Response Innovation Awards	Rolling		\$75,000		Supports innovative, high-risk, high-reward projects tackling critical scientific and therapeutic roadblocks that, if successful, open new avenues for PD therapy development. The program is well suited to projects with little-to-no existing preliminary data, but where hypothetical rationale is highly compelling and study results can make the case for continuing (or discontinuing) a line of research. Applicants may submit on any PD-relevant area of basic, preclinical and/or clinical research with a clear, achievable one-year goal.	Online Application	https://www.michaeljfox.org/research/grant-detail.php?id=3
Public Welfare Foundation	Social Science	Juvenile Justice	Rolling	\$10,000	\$800,000	Does not fund scholarships.	Supports groups working to end the criminalization and over incarceration of youth in the United States. In particular, the Program makes grants to groups that are working to (1) Advance state policies that restrict the juvenile justice system's use of incarceration and expand the use of community-based programs for youth, (2) End the practice of trying, sentencing, and incarcerating youth in the adult criminal justice system; and (3) Promote the fair and equitable treatment of youth of color who come into contact with the juvenile justice system. Must coordinate with Foundation Relations.	Online Application	http://www.publicwelfare.org/grants-process/
Home Depot	Community Development	Community Impact Grants	Rolling		\$5,000	Grants are given in the form of The Home Depot gift cards for the purchase of tools, materials, or services.	Grants for projects that use the power of volunteers to improve the physical health of the community. The primary goal of the grant program is to support the renovation, refurbishment, retrofitting, accessibility modifications, and/or weatherization of existing homes, centers, schools and other similar facilities. The 2018 program opened on February 1, 2018. This is a limited submission opportunity. Must coordinate with Corporate Relations.	Online Portal	https://corporate.homedepot.com/grants/community-impact-grants
Wish You Well Foundation	Education	Grant Program	Rolling	\$200	\$10,000		Supporting family literacy in the United States by fostering and promoting the development and expansion of new and existing literacy and educational programs.	Online or Mail Application	http://www.wishyouwellfoundation.org/apply-for-funding/
The Nathan Cummings Foundation	Science	Climate Program	Rolling	\$3,000	\$950,000		Supports promising work that addresses climate change by increasing access to modern energy for the world's poor; stabilizing greenhouse gas concentrations in the atmosphere at a low level; and improving resilience for those most vulnerable to the negative consequences of climate variability and change.	Electronic Application	http://ncf.org/what-we-fund/our-focus/climate

Upcoming Opportunities - August 2019

Please contact Gayle Foley (fz8071@wayne.edu or 7-8847) or Cherisse Montgomery (an7026@wayne.edu or 7-1162) to discuss applications.

Corporate and Foundation Relations staff will help prepare all applications. Those opportunities noted in red must be coordinated with Corporate or Foundation Relations.

Funder	Topic	Program Name	Deadline	Award Minimum	Award Maximum	Notes	Purpose	Submission Method	Website
Merck	Health	Patient Advocacy Grants	Rolling	\$25,000	\$100,000	Applications must be submitted online a minimum of 60 days prior to the activity start date	Patient Advocacy grants are provided to non-profit organizations to support non-accredited independent education and related advocacy activities that seek to improve consumer/patient disease and treatment awareness in specific disease categories. Examples of activities that may be eligible for support include disease awareness campaigns and public service announcements.	Online Application	https://www.mercksupport.com/cme/(S(ah1raj45mlsfx355ci02co2b))/Portal/PatientAdvo.aspx#
Merck	Health	Public Policy Grants	Rolling	\$25,000	\$100,000	Applications must be submitted online a minimum of 60 days prior to the activity start date	Public Policy grants support independent events or activities that (1) promote public policies that foster an environment for innovation in the bioscience industry or improve patient access to medicines or health care in general; or (2) facilitate opportunities to engage in constructive discussions on policy issues with organizations representing state or federal officials. Eligible organizations are 501c(3), 501c(4), or 501c(6) organizations and include groups representing federal officials, biotechnology associations, think tanks, policy advocacy coalitions/groups, health professional associations, and business organizations.	Online Application	https://www.mercksupport.com/cme/(S(uegyx33re0bcykfpsi hnk b551))/Portal/Support.aspx
Simons Foundation Autism Research Initiative	Health	Explorer Awards RFA	Rolling		\$60,000	Grant period is for 1 year (non renewable)	Grants for a deeper understanding of the mechanisms underlying autism spectrum disorders or potential therapeutic approaches will require investigation at multiple levels, including but not limited to studies focused on gene discovery, molecular mechanisms, circuits, anatomy, and cognition and behavior. The Foundation will consider proposals at all of these levels.	Online Application	http://sfari.org/funding/grants/explorer-awards-rfa
Public Welfare Foundation	Social Science	Criminal Justice	Rolling		\$750,000	Most grants are 1 or 2 years in length.	Supports groups working to end over incarceration of adult offenders in the United States, also aiming to reduce racial disparity. Must coordinate with Foundation Relations.	Online Application	http://www.publicwelfare.org/grants-process/program-guidelines/
The Commonwealth Fund	Health	Grant Program	Rolling		\$200,000	Strictly LOI submission. Proposals are invitation only. Award amount based on previous grants.	To promote a high performing healthcare system that achieves better access, improved quality, and greater efficiency, particularly for society's most vulnerable, including low-income people, the uninsured, minority Americans, young children, and elderly adults. Must coordinate with Foundation Relations.	Online Application	http://www.commonwealthfund.org/grants-and-fellowships/applicant-resources
